

# Web Authoring and Design (WAD)

## Practical Demonstration Sheet [Group Project]

Student Name: \_\_\_\_\_ Student No: \_\_\_\_\_

Date: \_\_\_\_\_ GitHub URL: \_\_\_\_\_

Team Members (Name/Student No):

1: \_\_\_\_\_

2: \_\_\_\_\_

3: \_\_\_\_\_

**The final submission is part of a `group` project and should demonstrate equal work distribution (e.g., evidenced through version control). The final design, specification and technical requirements (such as, design, images, formatting, Javascript, ...). This demonstration sheet gives the group a list of essential features they must demonstrate in the practical session. The online digital submission should be a single .zip, including a short video, html code and any resources, such as, images or animations (each team member must submit a single .zip).**

0 – no feature

1 – attempt (not fully working)

2 – working (basic but needs work)

3 – outstanding (excellent example that is faultless)
